**week.**

## Go FishIN

**Monday, June 18**  
**9:00 AM—4:00 PM**

Go FishIN is the Division of Fish and Wildlife's sports fishing aquatic education program. Go FishIN educational programming focuses on aquatic ecology, angling skills and outdoor ethics.

- Statewide Loaner Fishing Equipment Program
- **Hooked ON Fishing Not On Drugs** Curriculum
- Advanced Special Topics Workshops: Fly Fishing, Ice Fishing, etc.

**Pat Cooper, Assistant Coordinator**

[pcooper@dnr.in.gov](mailto:pcooper@dnr.in.gov) or 317-549-0899

## Project WET and Project WILD

### **Combo Workshop**

**Tuesday, June 19**  
**8:00 AM — 5:00 PM**

Get the best of both Project WET and Project WILD and see that you can teach water and wildlife concepts in the same lessons. The Project WET program facilitates and promotes the awareness, appreciation, knowledge and stewardship of water resources through the development and dissemination of classroom-ready teaching aids. Project WILD is similar in format but focuses instead on basic wildlife ecology concepts and wildlife stewardship. When you leave this workshop, you'll have in hand 3 curriculum guides and lots of other resources. Completion of the workshop gives you access to loaner trunks, advanced workshops, and additional curriculum. If you have already attended a WET or WILD workshop, come get a refresher, learn new activities and be rewarded with a special prize!

Contact:

**Angie Tilton, Project WET State Coordinator** at  
[projectwet@dnr.in.gov](mailto:projectwet@dnr.in.gov) 317-562-0788 or

**Mary Hayes, Project WILD State Coordinator** at  
[projectwild@dnr.in.gov](mailto:projectwild@dnr.in.gov) 317-549-0348

## Hoosier Riverwatch

**Wednesday, June 20**  
**8:15 AM— 4:45 PM**

How's your local water quality? Find out by participating in Hoosier Riverwatch, Indiana's statewide volunteer stream monitoring and water quality education program. Riverwatch raises public awareness and involvement in water quality issues by training educators and citizen volunteers to take action in your own communities!

- Statewide loaner kits and grant application program for water monitoring equipment
- Online volunteer water quality database at [www.HoosierRiverwatch.com](http://www.HoosierRiverwatch.com)
- Highway signs provided for Adopt-A-River stream bank clean up groups.

**Lyn Crighton, State Coordinator**

[riverwatch@dnr.in.gov](mailto:riverwatch@dnr.in.gov) or 317-541-0617

**Lisa Ritter-McMahan, Volunteer/Outreach Coordinator**

[riverinfo@dnr.in.gov](mailto:riverinfo@dnr.in.gov) or 317-541-0617

## Project Learning Tree

**Thursday, June 21**  
**9:00 AM—4:00 PM**

Project Learning Tree is a premier environmental program that provides educators with hands-on, interdisciplinary activities that bring the ecosystem into the classroom and students into the environment.

- Newly revised PreK-8 Guide includes technology and literature connections for every activity
- Tree-mendous Tree Trunks and Wild land Fire Ecology Trunks are available to PLT trained educators
- Greenworks! Grants available for service learning projects

**Donna Rogler, State Coordinator**

[plt@dnr.in.gov](mailto:plt@dnr.in.gov) or 317-549-0354

## River School

Educational Rafting Experience on  
the White River in Indianapolis

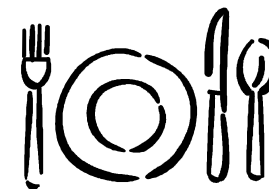

**Friday, June 22**  
**8:30 AM - 4:30 PM**

Social Studies and Science teachers, join us as we float down the White River. Find out how social studies education and science can work together to provide a unique learning experience for elementary, middle school, and high school students. Learn how to use a river as an organizing theme for teaching about community: What role does a river play in the life of a community? What stories can a river tell us about economics, past inhabitants, and health? Does a local river impact us even if we don't live next to it? Concepts addressed will include river history, water monitoring, and natural history. Stations and activities are presented by the NREC staff, Friends of the White River and Purdue Cooperation Extension.

## Additional Workshop Information

- All five programs—**Go FishIN, Hoosier Riverwatch, Project Learning Tree, Project WET and Project WILD**—are sponsors of the Certification Renewal Unit program (CRUs).
- All five programs—**Go FishIN, Hoosier Riverwatch, Project Learning Tree, Project WET, Project WILD** activities are correlated to Indiana K-12 Science Standards. River School is correlated to High School Science Standards.
- Graduate Credit up to 3 hours from Indiana University, Indiana State University, Purdue University and Ball State University is available after attending **Project Learning Tree, Project WET and Project WILD** workshops.
- **Project WET and Project Learning Tree** activities are also correlated to Indiana State Math, Social Studies and Language Arts Standards.

Contact the NREC to register for  
any or all workshops at  
[nrec@dnr.in.gov](mailto:nrec@dnr.in.gov) or 317-562-1338.

\*\*\*\*\*Please Note\*\*\*\*\*

**Participants are responsible for bringing their own lunch. Workshop schedules do not allow time to leave the NREC for lunch. A microwave & refrigerator are available.**
